

# AirField • AirDrain Truck and Freight Loading Layout

1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19
20	21	22	23	24	25	26	27	28	29	30	31	32	33	34	35	36	37	38
39	40	41	42	43	44	45	46	47	48	49	50	51	52	53	54	55	56	57

53 Ft. Truck trailer should be loaded: Three rows of pallets across (99”) x 19 rows of pallets deep (627”) = 57 pallets x 2 pallets (each stack is two pallets) = 114 Pallets Total

3 Rows (Two Pallets High) x 19 Rows = 114 Pallets x 114 Parts Per Pallet = 12,996 Parts Total  
 12,996 Parts x 7 Ft. = 90,972 Sq. Ft. Total  
 12,996 Parts x 3.1 lbs. = 40,287.6 Lbs Total (excluding pallet weight)

One AirDrain Part Weighs 3.1 lbs.  
 One Part Measures 31.75” x 31.75” = 7 Sq. Ft. Total  
 114 Parts Per Pallet = 48” High and Weighs 353.4 lbs w/o Pallet & Use 395 lbs. With Pallet  
 Load Two Pallets (1 stack = 228 Parts) by Three Rows Along Back of Truck  
 Each Stack measures 96 Inches High x 33 Inches Wide x 33 Inches Length

Approx. 53 Ft. Truck Inside Dimensions: 100 Inches Width x 630.5 Inches Length x 109.5 Inches High

Wood Pallet Measures Approx. 33”W x 33”L x 4-5.5”H  
 Wood Pallets Load : 33” by 3 Rows wide = 99” (Width)  
 Wood Pallet : 33” by 19 Rows Deep = 627” (Length)

AirDrain NMFC #156600 08, Class 85

AirDrain is manufactured and ships out of Jacksonville, TX 75766
